

Task Order No. 26-06
Village of Romeoville, Illinois (OWNER)
and Robinson Engineering, Ltd. (ENGINEER)
Pursuant to Technical Services Agreement dated January 1, 2017

Project Information

Services Name: Professional Services – Alexander Circle/Phelps Avenue @ IL Rte 53 Signal Warrant Analysis
Ref. REL Project #26-R0TB A

Services Description: The OWNER requests the ENGINEER to provide traffic counts and signal warrant analysis for the intersections of IL Rte 53 & Alexander Circle and IL Rte 53 & Phelps Avenue.

Scope of Services

ENGINEER proposes the following services to OWNER, final scope of services to be determined by Owner:

- Coordination with Gewalt Hamilton Associates, Inc (GHA) to provide 7-day Miovision traffic counts and data collection along IL-53 at pre-determined intersection locations.
- Data organization and analyzation of each intersection for each of the 7-day counts provided by the sub-contractor.
- Preparation of one (1) memorandum outlining the findings of the warrant analysis for each intersection.
- One (1) initial submittal of data and findings to IDOT for review.
- Items specifically excluded from the scope of work outlined in this task order include additional submittals and coordination with IDOT, meetings with IDOT or the Village, topography, intersection design studies (IDS), traffic signal design, preparation of plans, specifications and construction cost estimates.

Compensation

OWNER shall compensate ENGINEER for Services under this Task Order on a Lump Sum basis (which include the subconsultant services of \$15,000 - provided by GHA) of \$27,500.00 (Twenty-Seven Thousand Five Hundred Dollars and Zero Cents).
