Capital Projects Engineer

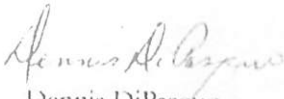

Dear Eric Bjork:

Indicom Electric Co., LLC proposes to perform the rock augering and trenching change order per the following.

- Taxes, permits, and fees are not included in this proposal.
- **This proposal is based on the actual work performed by Construction by Camco, Inc.**
- The same notes apply to this change order as were noted in the contract proposal. That is it includes the removal of all extra non contaminated spoils and stone backfill under the roadway. It does not include any hard surface or grass restoration. 662/663 form to be provided by others due to location to oil refinery and river.
