Sponsors: Kent Adams

Chief Adams from the Fire Department explained that they are requesting a waiving of the bid process to accept the proposal for a new Fire Training Tower. The current tower at the Fire Academy is over 14 years old and has 2 years left on the burn rooms. Every 5 years the Fire Department has to have a structural engineer come out and inspect it. Three quotes were received, with American Fire Training Systems out of Lemont coming in as the lowest bid. The Village will make the initial purchase of this tower but the student tuition from the Fire Academy will reimburse the Village for this purchase.
