Contact Name:	**Anne Furman, Office Manager**
Contact Email:	**rfurman@romeoville.org**
Approved By:	**Amy Havreluk, Sales Admin (amyh@vermontsystems.com)**

Phone Number:	**(815)886-6046**
Fax Number:	**(815)886-6245**
Quote Date:	**03/29/2019**

1   Standard PMP software enables (optional) capture of photo image during registration, and display of photo during Visit Check-In. You can also add the PMP ID software interface to print multi-color plastic photo ID cards.

2   In order to use the graphical touch screen option in other modules, you must also license the POS Inventory module.

3   The Workgroup System is quoted for those organizations with 2-39 concurrent users. The pricing for the actual number of licensed concurrent users is found on the RecTrac quote page under the Application Software section. Two concurrent users are included with the purchase of the first RecTrac module. Additional concurrent users are priced as Additional Users Over 2 (concurrent).

4   VSI uses Progress OpenEdge software to develop and deploy its' software applications, and also embeds the required Progress OpenEdge Enterprise or Workgroup RDBMS (Relational Database Management Software) with its' applications.

5   Musco will discuss your hardware and installation needs with you, and then provide you or VSI with a price quote for hardware, central service, and installation services. Point of Contact is Jeff McNulty jeff.mcnulty@musco.com 800-825-6020

6   You can select any of the over 100 standard GL interfaces and AP interfaces at this price. If a custom interface is needed, VSI will provide a quote, after reviewing the requirements. The implementation procedures for all interfaces are as follows: The VSI trainer will select (default) the appropriate vendor interface in RecTrac/GolfTrac and show customer how to generate the batch export file that contains the summary or detailed transactions for the day (or any date range). At this point, it is the customer's responsibility to contact the financial software vendor to arrange for assistance to import the batch file for posting to the cash receipts or general ledger system.

7   VSI Consultant will hold multiple conference calls prior to onsite trainings to discover business processes (Minimum 15 min./$25.00)

8   The Meal Per Diem rate is based on the GSA/DOD rates for your location.

9   The included expenses are ESTIMATED for airfare, lodging, meals, parking, tolls, and rental vehicle (for non-flying trips, car rental can be more due to tolls and gasoline usage). Actual expenses are billed after each trip. For states with Cashless Tolls, there may be a delay in billing these charges as we sometimes don't get these bills from the car rental companies until weeks after a trip is complete.

10   Time quoted is estimated. Actual time used will be billed.

11   WebTrac Internet Software, which includes all patron mobile WebTrac functions, enables your patrons to process WebTrac transactions real-time using a browser. The WebTrac software does NOT include hosting services, which are quoted separately. If your IT department or your off-premise web hosting vendor doesn't allow third party software to be installed on its web server, then VSI can provide this web hosting service for a nominal monthly fee. Please discuss this issue with your IT department or your off-premise web hosting vendor to determine whether or not VSI should quote the web hosting fee. VSI bills the web only hosting fee on an annual basis. After the first year, this amount is added to your annual maintenance invoice.

12   WebTrac modules require respective RecTrac licensed modules in order to process web transactions.

13   Mobile WebTrac provides patron access to select functions using a smart phone mobile browser. Since Mobile WebTrac is browser based, it is device/operating system independent. Functions such as booking a tee time, enrolling in a class, viewing a calendar of events, making a payment, and displaying their pass barcode are a few of the operations that patrons will be able to access on their phone. All patron related functions that are developed for Mobile WebTrac will be available under this one license fee. In summary, Mobile WebTrac encompasses all of the functions that have been developed across all WebTrac modules.

Mobile Hardware Options: any modern smart phone with or without a bar code scanner, depending on the the application.

14   WebTrac Agents needed are provided to process WebTrac online transactions. Each Agent can service approximately 20 simultaneous requests.

Vermont Systems — Recreation & Parks Software

15   Splash Page Options:

     14 templates available for 10.3
     18 templates available for 3.1

These templates are available on the VSI website for your review. All 18 templates have been created using responsive design.

The $1000 fee includes access to one template of your choice along with VSI support to implement the template on your site. This typically takes 2-4 hours. Any time over 4 hours due to change requests will be charged at $150/hour. Any design changes to a template that requires custom programming will be charged at $175/hour.

The Splash Page will display using responsive design. If you are licensed for Mobile WebTrac, all WebTrac screens, in addition to the Splash page, will display properly for patrons accessing WebTrac from their mobile device (responsive design). Please contact sales for additional information about Mobile WebTrac.

16   VSI will customize the WebTrac stylesheet to match the appearance of your web site as closely as possible. After you have finalized your WebTrac page specifications, you will be asked to sign an approval form. VSI will provide the stylesheet programming services and then ask you to verify that the results match your specs. If you ask for additional changes following the completion of the initial styling then each major change request is priced at $750.00. Minor & Seasonal change requests are priced at $375.00 each.

17   The included expenses are ESTIMATED for airfare, lodging, parking, tolls, and rental vehicle (for non-flying trips, car rental can be more due to tolls and gasoline usage). Actual expenses are billed after each trip. For states with Cashless Tolls, there may be a delay in billing these charges as we sometimes don't get these bills from the car rental companies until weeks after a trip is complete.

     Meals are listed separately.

18   The VSI ERI (External Redirect Interface) fee applies to any of the credit card vendor options.

19   Includes power supply, power cord, auto cutter and cable. Wall mountable.

20   Thermal Receipt Paper, 1 Ply, 50 Roll/Case for Star, Epson, & Ithaca receipt printers.

21   This drawer is USB with a Serial Emulation. A straight USB drawer will not work with RecTrac.

22   ELO, M-Series, 2202L 22" LCD Desktop, Black, Full HD (1920 X 1080 Resolution), Projective Capacitive, USB Controller, Anti-Glare, Zero Bezel, Mini-VGA and HDMI Video

23   Honeywell MK7580G-2 Genesis Bar Code Imager USB Kit, 1D/2D, PDF17, Gray, Type A 3M Cable (9.5' - Cbl-500-300-S00)), Power Supply, EasyID Software, Documentation, and VSI Custom Configuration. USB keyboard emulation is standard with optional Serial or Parallel emulation. Standard keyboard emulation used to connect reader to dedicated computer. This scanner can be used for RecTrac Background Visit Check-in by configuring it for Serial Emulation using the same USB cable. This enables the computer to be used for other functions, while it is also being used to scan visitor ID cards.

24   Standard Software - EasyID License Key for MK7580G-2 Genesis

25   Custom Configuration for VSI application software, so plug and play out of the box.

26   The specific credit card EMV (Chip and Pin) device delivered depends on the PayTrac solution you select. This line item is used as a placeholder for budgeting purposes. The different devices range in price from $500-$750.

27   Logitech C920 HD Pro Webcam, HD 1080p up to 1920x1080, HD 720p up to 1280x720p, Wide 78" View, Glass Autofocus Lens, USB 2.0/USB 3.0 Ready, Windows 7/8/10, UVC H.264 Compliant, Tripod Mountable, 2-Year Warranty.
