

**FINAL ENGINEER'S OPINION OF PROBABLE COST
FOR BONDING PURPOSES (PUBLIC IMPROVEMENTS)
ROMEOVILLE ASPHALT PLANT
85 N INDEPENDENCE BLVD
ROMEOVILLE, ILLINOIS
DATED: NOVEMBER 16, 2023**

<u>ITEM</u>	<u>DESCRIPTION</u>	<u>QUANTITY</u>	<u>UNIT</u>	<u>UNIT PRICE</u>	<u>TOTAL</u>
SCHEDULE I - STORMWATER POLLUTION PREVENTION					
1	Concrete Washout	1	EA	\$2,400.00	\$2,400.00
2	Silt Fence, (Non-Woven) [Perimeter Erosion Barrier]	370	LF	\$2.50	\$925.00
TOTAL SCHEDULE I - STORMWATER POLLUTION PREVENTION					\$3,325.00
TOTAL PROBABLE COST (SCHEDULES I)					\$3,325.00
TOTAL PROBABLE COST					\$3,325.00

General Notes:

1. This Engineer's Opinion of Probable Cost is based on Final Engineering Plans, dated October 27, 2023, prepared by Mackie Consultants, LLC.
2. Erosion control quantities are based off of a single phase plan and do not include items necessary due to temporary conditions or phasing. Additional erosion control devices may become necessary as construction progresses onsite. The above Engineer's Opinion of Probable Cost does not include monies for ongoing maintenance of the erosion control devices.
3. This estimate does not include permit fees, construction services, construction staking, or any other items not listed above.
4. The unit price is based on best available data from May 2023 bidding and estimates. Mackie Consultants cannot guarantee the pricing will not increase.
