RE: Deer Crossing Park Proposal #1
1050 W Romeo Road

Kelly,

I am pleased to quote the following work for the sitting area at the Deer Crossing Park Area as we discussed at our site meeting on 4/10/2018. Following is the work that GLI will complete in the existing area of the playground which houses the Dance Chimes and the Super Nova Play Piece and around the existing Kompan Play Equipment which has the existing PIP rubber surfacing.

Demo

GLI will demo this area, approx. 1150 S.F., of existing PIP rubber surfacing. The rubber will be removed and disposed of via 20 C.Y. dumpsters. The Dance Chimes and the Super Nova play piece will be removed and the concrete footings removed and disposed of. The play pieces will be saved for the Parks Department to use at another location in the future. All of the voids in the existing base gravel will be filled with approx. 8 tons of CA6 and the area graded and compacted.

Price for Demo.....\$5958.00
