Dear Mike Shurhay

Thank you for your time, assistance and consideration in the additional proposed location for the Christian Congregation in the U.S., located at 1233 Naperville Drive.

We have a small group within and surrounding the community of approximately 30 to 35 people and this additional facility will offer the opportunity to attend church services closer to the homes of the parishioners. Among the congregation are elderly attending and this site will be convenient for them as they are driving 45 minutes to our location in Arlington Heights.

The landlord has offered 1200 square feet of his building for the use of church services. He has offered this space free of charge to the church.

The intended church services will be held on Sunday at 7pm and Tuesday at 7pm. There will be Ministry attending the services and a doorman in each service. The sole purpose is to conduct Holy services unto God, and all are welcome.
