4. PRESENTATIONS

[RES25-4028](#) **A Resolution Waiving the Bidding Requirements and Accepting the Proposal for Professional Services from ME Simpson Company for the Annual Water Loss Control Program**

Public Works Director, Chris Drey, shared that ME Simpson provides all the professional leak detection services for the Village for our annual water loss. Lots of leaks and issues were discovered and addressed. We were trending well in our water loss percentage, but there have been a lot of water main breaks this last year. They have been great to work with.

[RES25-4032](#) **A Resolution Authorizing an Intergovernmental Agreement with Valley View School District 365U (RC Hill School Watermain Relocation)**

Village Attorney, Rich Vogel, explained that this is a project where the Village wants to move an existing water main on the RC Hill school site from the back of the building to the front. The hope is to complete this in a timely manner while school is out. This agreement allows for the Village to do the work and once the work is done and we know where the line is, a public utility easement will be completed. The Village is willing to reimburse the school \$27,000 to help offset the cost.

Mayor Noak commented they are always great partners to work with.
