

This map illustrates the University Heights neighborhood, characterized by its diverse street layout and color-coded planning zones. Key features include:

- Major Transportation Corridors:** Interstate 55 runs along the western edge, while Weber Rd and Taylor Rd serve as primary north-south thoroughfares.
- Color-Coded Zones:** The neighborhood is divided into several distinct areas, each represented by a different color (e.g., red, orange, yellow, green, purple, blue), indicating varying land use or planning priorities.
- Street Network:** A dense grid of residential streets is shown, including Normantown Rd, Romeo Rd, and Airport Rd, along with many smaller local streets.
- Geographical Features:** The map shows the proximity to the Ohio River and the University of Cincinnati, with various campus-related streets and facilities labeled.
