

EFX[®] 665Experience[™] Series

ELLIPTICAL FITNESS CROSSTRAINER[®]

Product Features

1. Drive System

Designed for multi-family housing complexes, corporations, small municipal service organizations, and many hospitality venues, the single-stage drive system provides the amazing feel that you and your exercisers have come to expect from Precor.

2. Handlebars

With moving handlebars, exercisers can push and pull with their upper body to achieve a total body workout.

3. P62 Touchscreen Console

The P62 touchscreen console features personalized viewing and the remarkable clarity of TV and internet options that exercisers crave, all in a 10.1 in / 25.7 cm screen. With the ability to "favorite" selections for future use, exercisers can customize their workout experience based on what's important to them.

4. Adjustable CrossRamp[®]

With our patented CrossRamp, exercisers can isolate or cross-train specific lower body muscle groups by adjusting the angle of the ramp between 10 and 35 degrees, making it easy for exercisers to focus on their individual fitness goals.

5. Covered Rear Drive Housing

Experience easy maintenance with a covered rear drive housing that enables quick access for cleaning and service.

6. Step-Up Height & Pedal Spacing

The low step-up height improves accessibility and the optimized pedal spacing provides a more natural and comfortable feel.

Gloss Metallic Silver

Refined colorways with dark Tungsten covers and two frame color options.

Black Pearl

TRM 661 Treadmill Experience™ Series

Product Features

1. P62 Console

The P62 console features personalized viewing and the remarkable clarity of TV and internet options that exercisers crave, all in a 10.1 in / 25.7 cm screen. With the ability to "favorite" selections for future use, exercisers can customize their workout experience based on what's important to them.

2. Commercial-Grade Drive and Lift Motor

The TRM 661 is equipped with a commercial-grade 3 HP AC-motor that enhances performance, efficiency, and reliability to deliver a treadmill that is ideal for fitness facilities located in multi-family housing complexes, corporations, small municipal service organizations, and many hospitality venues.

3. Integrated Footplant Technology™

Recognizes the exerciser's natural foot speeds and matches every stride for an ultra-smooth feel that enhances their workout experience.

4. Ground Effects® Impact Control System

Our patented GFX system combines ideal cushioning, support, and stability for exercisers. Precor decks are designed to provide more absorption in the front where the exerciser's feet hit the belt and added rigidity at the back for a firm push-off.

SPECIFICATIONS

Indoor Cycle

Spinner® Shift

The classic Spinner® model, the Spinner® Shift is built to be the workhorse of your facility. It features a heavier steel frame and more adjustment options, like the fore/aft handlebar adjustments, than the Spinner® Ride. The Spinner® Shift is a great choice for facilities with 10 or more classes per week, and seeking differentiation in their well established indoor cycle offering. Available with both chain and belt drive.

[GET QUOTE](#)

Spinner® Studio Console

The optional Studio Console provides an easy-to-read LCD screen for the Spinner® Ride™, Shift™, or Climb™ bike models. It automatically pairs with any ANT+ compatible heart monitor.
