WVTM-5C Wanaco Color Message Board Sign And Trailer, Full Graphic Display, Solar And Battery Powered

Wanaco Color Message Signs let you create messages like you never could before. Using Wanaco computer software, you can create and combine graphic symbols with text to make bright, colorful messages that stand out. Design your own symbols, import your corporate logo and more. Add text, make multiple message screens and even create simple animations.

Five-color full-matrix display • 15 LEDs per pixel, 3 per color: amber, white, red, green, blue • 12" default font size, variable font sizes • 260-watt solar charging • Three 12V 4D AGM batteries, 600 Ah total capacity • 45-amp charger • Telescoping tower with 360-degree rotation • Hydraulic tower lift • Color LCD touchscreen controller with continuous message preview • Computer software for designing messages and graphics • Orange powder-coat finish • 2" ball hitch • HD Security Battery Box and lid with locks

Setup

- Under 3000 pounds, can be towed by most vehicles
- Standard 2-inch ball coupler tow-hitch
- Removable drawbar for shipping and for added theft protection
- Hydraulic lift allows one person to easily raise and lower the message board
- Tower rotates 360 degrees for optimal positioning
- Single disk brake holds board in place during operation, while a cradle supports and holds board in travel position

Operation

- Onboard controller, no laptop required
- Full-color touchscreen controller with high-resolution display
- Multi-level password protection limits access to control software
- Preprogrammed text messages, symbols and graphics
- Easily center each line of text
- Internal clock facilitates built-in schedule programming

- Multiple alphanumeric fonts make message clear and legible
- Control box can be locked to prevent unauthorized access
- Optical lenses and sunshades increase visibility and performance
- Cooling fans protect sign cabinet from overheating
- Wide footprint provides stability in high wind, while optional outriggers add even more support

Power system

- Energy-efficient operation results in long run times
- Solar panels charge batteries automatically without intervention
- Charging system shuts down when batteries are fully charged, preventing damage
- Unique system allows battery charging with solar panels or commercial power
- Cooling fan protects battery charger from overheating
- Battery box can be locked to prevent unauthorized access

Maintenance

- Individual display modules can be replaced easily
- Standard 15-inch trailer tires
- Heavy-duty bolt-on steel fenders can be replaced if damaged
- Durable powder-coat finish resists the elements

Standards compliance

- NTCIP compliant
- Meets MUTCD
- Meets NEMA TS 4-2005 Section 2 for ambient temperature, vibration, shock, electro-static discharge (ESD), and radio interference
